It is a COLONIAL INSTITUTION, on the model of the most successful British offices; while from the much higher rate of interest it obtains on its investments, more profitable returns are secured to its members than the best European offices can afford. Thus, at the Investigation of March, 1854, all policies then entitled to participate were increased by Bonus Additions averaging considerably more than three per cent. per annum on the sum assured, or about THREE TIMES those secured by the most liberal British joint-stock companies.
BONUSES may be applied to the extinction of future premiums, or their value in cash may be handed to the member.

TO the WOOLGROWERS of NEW SOUTH WALES.—Gentlemen,—It will be in the recollection of most of our woolgrowers how very inadequately the chief staple of the colony was represented in the Great Exhibition of 1851.
We are earnestly desirous that this may not be the case in the forthcoming Exhibition of 1862, and that we should show how closely the wools of New South Wales will compare with the higher priced wools of Germany.
With this object in view, we venture to invite the flockmasters of the colony to send in to our Rooms proper samples of the clip of the present year, to compete, in the first place, for three gold medals, and afterwards to be forwarded, through the Colonial Commissioners, to the Great London International Exhibition.
It is also our intention to offer two gold medals for the first and second best samples of cotton, the produce of New South Wales.
We shall do ourselves the pleasure so soon as we have communicated with the Commissioners appointed by the Government for managing the transmission of articles from this colony, to lay before you full particulars of our plan, and in the meantime,
We remain, Gentlemen,
Your obedient servants,
MORT and CO.
Pitt-street, Sydney, March 13th, 1861.

ENGLISH AGENCY.—The undersigned, having obtained a thorough knowledge of Australian requirements, from nearly twenty years' personal experience both of the Colonial and English markets, is prepared to undertake General Agency Business, either in the sale of Australian produce—guaranteeing punctual Account Sales with cash remittances, or in the purchase and shipment of merchandise to the best advantage. Having been actively employed in London for the last ten years, in purchasing and shipping on behalf of various constituents, and for the last three years on behalf of the Government of New South Wales, he flatters himself that he possesses information and experience which could only be obtained by others who have had the same facilities; and with a determination to confine himself exclusively to commission business, he now offers his services to any house or individual that may require them. He will be happy to afford colonial constituents reliable and latest information respecting English exports, prices current, shipping, and commercial data generally. BENJAMIN S. LLOYD, 2, Royal Exchange Buildings, London. 18th April, 1860.

Many thousands of their implements are exported every year to all parts of the world: the requirements of the different colonies are consequently well understood. JAMES and FREDERICK HOWARD are not only the largest manufacturers in the world, of ploughs, but also of iron harrows, horse rakes, and steam ploughs or cultivators. The Mediterranean.—The Gibraltar Chronicle of the 11th January says:—"The fleet of merchant vessels of all nations arrested for two months in their exit from the Mediterranean by the combined operation of the westerly current and the west wind has at length been liberated by a strong Levanter. The long and unremitting prevalence of the late westerly gales rendered the accumulation of windbound vessels in this bay at anchor, behind the rock, or cruising on this side of Cape de Gott, almost unprecedented. The journals of the eastern coast of Spain estimate at 1500 the number between Cape de Gott and Fuengirola. About 800 more in the bay or behind the rock are in sight from the signal station, making altogether 2300 which have found a fair wind in the steady easterly breezes now blowing. The Straits had, up to yesterday, been sealed to outward-bound sailing vessels for two months, and it is feared that some loss and injury to property will have been occasioned by so long a detention of the more perishable cargoes."

SATURDAY, MARCH 30, 1861.

Does Mr. Weekes really think that the people of Victoria are so green that a show of unanimity in voting will blind them to the real position of their colony in reference to our Customs—that it is possible, by a little drama performed in our Assembly, they should be terrified with their impending fate? The system of Border Customs is so utterly impolitic on a large scale, and in the long run, so utterly impracticable the people of Melbourne know that we can neither risk a contention, nor endure the expense which the experiment involves. By the neglect of the Home Government—perhaps by its deference to our local jealousies—an apparatus was not provided for the collection and distribution of Customs. This might have been perfectly practicable, and would have been so useful that no serious attempt would have been made to disturb it. But, like the invaders of Rome to the Roman maid, the British Government offered a glittering bribe to the colonies, in the shape of perfect liberty, and crushed us with its weight. It has permitted all sorts of fiscal and land systems, to be devised by the small communities which are lodged on these shores. These naturally are in conflict with each other. There is a strong temptation to perpetuate that conflict. It is the interest of each colony to draw to itself as large a share of revenue as possible, and therefore it is its interest to frame its taxation so as to allure from its neighbours whatever it is possible to attract. This difference of interest will some day shew itself still more powerfully. Had Mr. Weekes carried his resolution with respect to the duty on spirits, a larger inducement would have been offered to evade our Customs, for it is no secret that in South Australia a powerful majority are in favour of a differential duty on free distillation, which shall make it quite the interest of the inhabitants to inundate our borders with spirits of their own manufacture.

It is possible that any attempt to enforce the Border Customs will involve us in a ridiculous, but disastrous conflict. We do not know in the present frame-work of our Government how soon the question of Customs may be one of war. The two colonies do not accept each other's version of the border line. It is perfectly easy to dispute the construction of our Ministers. The right to enforce duty, therefore, will depend upon this construction. That right, of course, involves an appeal to physical force. This must draw on the constable, and the constable must be sustained by the whole strength of the civil power. Thus, while the colonies are fortifying their ports against a foreign enemy, they may be kindling a disgraceful war upon their own borders. We should like to know what the Government is prepared to do in case of a serious defiance of its authority in the administration of the Customs laws? A population imbued with the idea of legal right, and spurred on by a sense of practical injustice, would soon put to the rout all the force it would be possible to collect against them. There is something so spirit-stirring in this kind of adventure, and something so attractive in smuggling gains, that there would never be wanting a contraband trade.

The borders of all European countries have been the scene of exploits of this kind, which are celebrated in song, and which often rise in their character to something like the dignity of heroism.

We can imagine how, from so small a beginning, New South Wales may find itself shorn of its authority and deprived of its territory. The people of Victoria look, of course, with longing eyes to the land which is so shamefully neglected by the existing Government. They do not fail to hint how well it would be were political and geographical facts brought into harmony—were the fairer administration of Victoria to supersede the feeble authority of an effete administration like that of New South Wales.

We need not quote from the journals of the sister colony to show with what lively enjoyment they seem to relish our political absurdities and our fiscal exploits. It has always been that neighbouring countries, having points of contact and collision, have laughed at each other with more genuine fun, and opposed each other with more persevering venom, than those which have only occasional relations. I has been our aim to prevent these collisions—to soothe the irritation of our borders, and to promote an early adjustment of our Customs by a civil and reasonable conference. But let it not be imputed to us, or to those who have thought with us, that the subject is unencumbered with difficulties. Mr. Weekes, by an exploit of his own, brought on this animosity. It was when he attempted, with feeble violence, to interfere with the border trade, that the Press and people of Victoria excused themselves from all further negotiation, and took the opportunity of defying this colony to do its worst. As to bringing the people of Victoria to their senses, we apprehend that they will retort the threat with far greater semblance of power to support it. Even the resolute tone of Mr. Dickson will not cause one muscle to quiver, or one shank to quake. They know that we are utterly impotent—that any attempt to force would render us so ridiculous, that in the collision we must inevitably be worsted—for all the sympathies and resources of the border would be against us to defeat us, and the regular organisation of a contraband trade would put us out of the market. If by another stretch of Legislative wisdom, we should impose *ad valorem* duties on goods of great value, of course the other colonies will not follow our example, and we shall find another stimulus to evasion, and another motive for diverting the trade of this city. If, instead of all these nonsensical attempts to fight with natural impossibilities, our Government devoted itself to the construction of practical roads, we should have the best guarantee for our Customs. But while roads are as we find them, we have no right to suppose that any trader will dispense with the advantages of a nearer market, and more easy communication, or that he will submit without a struggle to double imposts—one to the country which really benefits him by its commercial connection, and the other to the country which only watches to snatch his earnings without giving him anything substantial in return.

There is only one remedy for these evils—an abandonment of all hostile demonstrations, and an appeal to the good feeling and justice of our fellow-countrymen to arrange, by a confederation for that purpose, the taxation of the entire colonies.

GOULBURN CIRCUIT COURT.

(*Abridged from the Goulburn Chronicle of Wednesday.*)

Monday, March 25.

Before Mr. Justice Milford.

Henry Robertson, charged with stealing £12 from William Smith, on the 21st instant, at Goulburn, was found guilty, and sentenced to a year's imprisonment, with hard labour, in Goulburn gaol.

Charles Winlay, arraigned on a charge of stealing a purse containing £3, from the person of Edward Hipplish, was found guilty, and sentenced to imprisonment for nine months, with hard labour, in Goulburn gaol.

Tuesday, March 26.

John M'Crackin was charged with committing the crime of rape, on the person of a girl under five years of age, on the first of October last. The circumstances of the case as detailed in the evidence, were, that the prisoner, who had been living with the father of the girl at Brocklesby, on the Murray, and earning a livelihood by fishing, had perpetrated the alleged offence when the father was absent at Chiltern disposing of his fish. The jury, after an hour's retirement, returned a verdict of guilty of assault with intent to commit a rape; the prisoner was sentenced to imprisonment for two years, with hard labour, in Goulburn gaol.

Thomas Smith and Jane Edwards were charged with the murder of John Harding, at Wentworth, on the 16th of December last; a second count charged them with manslaughter. The Crown Prosecutor (Mr. Butler), in stating the circumstances to the jury, said that the sole material evidence in the case was that of the medical man who had examined the body of the deceased, and he should call him first, as in the event of his evidence being insufficient, he should not be disposed to go on with the trial. Dr. Cottar was then called, and from his own testimony it appeared that he had made no examination of the body, beyond simply looking at it; and in cross-examination by Mr. Walsh, it appeared that he was entirely at fault as to the real cause of the death of the deceased. The case, as it came before the Court, did not appear to the Crown Prosecutor sufficient to warrant his proceeding further with it, and the jury, under the direction of the Judge, found a verdict of not guilty, and the prisoners were discharged.

John Kelly, Henry Collins, and Frederic Heron, who had been arraigned the preceding day, were again brought up, when Mr. Gannon (who had been assigned by the Court for the defence of the prisoners), applied for a postponement of the trial till the next sittings of the Court, and read an affidavit from the prisoners alleging that they had not had time to subpœna the witnesses who were then necessary, and who would be able to prove an *alibi* in each of their cases. The Public Prosecutor said he would be ready to file an affidavit to-morrow disproving the allegations of the prisoners. The witnesses in the case were all present, and he feared that if the trial were postponed the evidence would not be forthcoming, and the prisoners would thus escape.

Royal Victoria Theatre.—It will be seen from advertisements in another column that Sir William and Lady Don are to make their *debut* at the Victoria Theatre, on Monday evening next, having sailed from Melbourne in the Rangatira, on Thursday last. These distinguished performers bring with them so high a reputation on the score of professional ability, that there can be little doubt the engagement will prove mutually satisfactory to themselves and to the management; albeit, the latter have deemed it necessary to increase the prices of admission to all parts of the house. However, this is a circumstance to which the play-going public will probably not object in the present instance, as it is to be presumed they will have the gratification of witnessing some genuine histrionic ability,—the English, American, and Victorian Press, all alike testifying to the sterling merits of Sir William and Lady Don as comedians of the first-class. The rather unusual circumstance, moreover, of an English baronet adopting the stage as a profession will certainly augment the interest attaching to the engagement, and numbers will flock to the Victoria merely to set eyes on a gentleman who, casting aside the usages and conventionalities of fashionable life, has adopted this means of surmounting pecuniary difficulties and reverses. The Rangatira is expected to arrive this evening.

Legislative Assembly.—Writ of Election.—The Speaker of the Legislative Assembly has issued a writ, and the following arrangements have been made for the election of a member to serve in the present Legislative Assembly of New South Wales, for the electoral district of the Upper Hunter, in room of the Hon. John Robertson, Esq., resigned. Place of nomination, Scone; date of writ, 28th March, 1861; date of nomination, 11th April, 1861; polling day, 15th April, 1861; return of writ, 30th April, 1861.

The Accident at the Railway.—There appeared in our issue of yesterday a paragraph giving some particulars of an accident that occurred through the running away of the two horses attached to the carriage of Mr. F. W. Perry at the Railway Terminus on Thursday. The girl injured was not in the carriage, as stated, but was proceeding towards the Railway on an errand. Her name was Elizabeth Dawes. She was conveyed home immediately after the accident, and Dr. Aitken called to see her. On examination, he found that the injuries were not of a very serious nature.

NOTES OF THE WEEK.

Friday, 29th March, 1861.

Our last notes were made up for the Jeddo.

The most important occurrence in the interval has been the arrival of the new Governor, Sir John Young.

His Excellency came by the Northam, which anchored on Thursday afternoon. It had been previously announced that there would be a public reception of Sir John Young, such as has been usually accorded to incoming governors, although no programme was given. The Volunteers, however, were directed to hold themselves in readiness and to muster under arms on the display of a particular flag (the Turkish), at the Semaphore. Sir John Young, although he landed privately, decided (or was advised) not to land publicly until noon on Friday. The flag, therefore, was not hoisted. But the Volunteers had mustered very strongly nevertheless, and there was a large assemblage of people on and near the Circular Quay. All these were doomed to disappointment. On Friday there was not so large a gathering either of volunteers or of ordinary lookers on, but there was still a very good muster, and the reception of his Excellency was most enthusiastic.

On arriving at Government-house, his Excellency formally assumed the Government of the colony, the necessary oaths of office being administered to him by the Chief Justice Sir Alfred Stephen. The commission under which Sir John Young at present acts only confers upon him the title of Administrator of the Government, but his formal appointment as Captain-General and Governor-in-Chief will, it is expected, arrive by the next mail.

His Excellency has since sent messages to both Houses of Parliament, announcing his assumption of the administration, and has received addresses in reply. All who have been brought into personal contact with Sir John Young think highly of him.

The Assembly is getting through its business more rapidly than of late. Both Land Bills have been passed by the Assembly, and have been read a first time in the Legislative Council. Mr. Secretary Robertson is to have a seat in the latter House, in order to take personal charge of these Bills. The Estimates are pretty nearly gone through; a sum of £10,000, for the Volunteers, has been voted, not only without a murmur, but with cheers.

Mr. Byrnes has at length resigned his seat for Parramatta, which he long since declared he would not take. Mr. Charles Kemp and Mr. Arthur T. Holroyd are candidates for the vacancy thus created.

The following gentlemen have been elected second lieutenants of the Sydney battalion of Volunteer Rifles, viz.:—No. 1 company, sergeant Freeman; No. 2, Mr. C. C. Wilson; No. 3, Mr. W. Farrell; No. 4, Mr. Alexander Hamilton; No. 5, Mr. Thomas Richardson; No. 6, Mr. J. Davey.

Mr. Ewen Cameron has been elected sub-lieutenant of the Balmain Company.

A woman named Janet Plum, aged fifty, has committed suicide by cutting her throat while in a state of insanity, brought on by drunken habits.

Mr. William Scott, aged sixty-eight, a highly-respectable gentleman, was found dead in a water closet attached to the Sydney Exchange. His death was caused by an apoplectic fit.

It has been announced that no bill affecting the present financial arrangements of the colony, will be introduced by the Government during the present session.

The Committee of the Assembly appointed to inquire into the general conduct of the unpaid magistracy, have presented their report, and it has been published. They are of opinion that there has not been so much to complain of on the score of ignorance and injustice, as of a want of due attention to duty, especially in the country districts. They, nevertheless, recommend the issue of a new and revised commission. They condemn a too extensive appointment of Police Magistrates, but recommend that in places where resident unpaid magistracy cannot be found, itinerant Justices be appointed. Also, that clerks of Petty Sessions have the power of granting summonses, but not warrants.

Messrs. J. R. Ardill and P. D. Brown have been gazetted as licensed surveyors.

The Paddington and Surry Hills Volunteers have adopted a code of by-laws which contain penalties to compel attendance at drill.

The annual commemoration of the Sydney University came off on Saturday last, and was a most brilliant affair. The company assembled on that occasion included nearly all the *elite* of the metropolis and its suburbs. Sir John Young and Lady Young were there, and a guard of honour from the Rifles was under arms to do honour to the occasion. The proceedings were opened by an address to his Excellency, which was suitably replied to. The ceremonies which followed were much the same as at previous celebrations of the like character. The Barker scholarship, for proficiency in mathematical science, was awarded to Mr. Edward Bowman; the Deas Thomson scholarship, for proficiency in physical science, was awarded to Mr. Andrew Bowman. The University medal, for English verse, was awarded to Mr. Ernest Broughton Docker for a poem on "the Fall of Grenada." The Vice-Provost's medal, for translation into Latin elegiacs, was awarded to Mr. S. W. Griffiths; Professor Woolley's medal, for translation into Greek iambics, was awarded to Mr. James Houison. The proceedings were terminated by an address from the Provost, Sir Charles Nicholson, Bart., and a short speech from his Excellency Sir John Young.

Mr. Frederick Terville has been gazetted as private secretary, and Lieutenant Pitt as acting aid-de-camp, to his Excellency the Administrator of the Government.

A man named Allen has been killed at Black Creek by the blows of some sticks cast at him by a blackfellow in his employment, and the latter has been committed for manslaughter by the Maitland Bench. Allen began the affray by attacking the black.

Clement Ralph Taylor, a child of fifteen months' old, has been drowned in a waterhole near Black Creek.

A return complimentary pigeon match, in honour of Mr. Whitfield, came off at Randwick, on Saturday, but the weather being hot and gusty, the shooting was not so good as had been expected. After the match, there was a luncheon, with the usual toasts and interchanges of compliments.

A cricket match between the Albion and Albert clubs was commenced on Saturday, but not finished. It will be resumed to-morrow (Saturday.)

A woman named Matilda Reardon, aged 37, who was possessed of considerable property, has died suddenly from apoplexy, the result of intemperate habits.

The Maitland Ensign announces that shares in the Morpeth railway to the extent of £10,000 have been taken up.

William Colley, aged five years and eight months, son of George Colley, blacksmith, of Pyrmont, has been accidentally drowned in the harbour near that place.

About twenty members of No. 6 Company have presented Sergeant Eagar, their drill instructor, with a silver watch, as a mark not only of their personal regard, but of their high estimation of his assistance to themselves at noon drill.

There has been an unsuccessful attempt to get up a prize fight. The combatants were to have been the well-known Sparkes, and one Sullivan, a new arrival. A place at Botany was named for the meeting, and the matter was kept so quiet that the police knew nothing of it until it was too late. But Sullivan, although he came to the ground, did not get there until after the prescribed time had expired, so that Sparkes claimed the stakes. There was disputing enough, no doubt, but the parties separated without fighting. Sullivan has since been brought before the Central Police Court, and bound over to keep the peace.

The Exhibition at the Sydney Mechanics' School of Arts is still open, and will probably not be closed until after the Easter holidays. The attendance is still good although, as must naturally be expected, there has been latterly a perceptible falling off in the number of visitors.

The Inspector and Assistant Superintendent of the Abbatoirs, at Glebe Island, have reported to the Government that there are no grounds for the accusations of immorality and disorder at these abbatoirs, which have been made in the Assembly.

Magisterial Courts have been held during the past week in each of the suburban districts for the revision of the electoral lists.

The amount realised at the bazaar recently held in Parramatta park was upwards of £400.

A general meeting of the Jockey Club was held on Monday, for the purpose of considering the propriety of revising the existing rules and scale of weights. After a lengthy deliberation, it was decided to take no action at present.

Owing to the large attendance formerly secured, it had been determined to continue the united prayer meetings at Newtown during the last week. That determination was acted upon, and the apparent success of the movement was such as to cause a continuation of those meetings throughout the current week also.

The sixth annual exhibition of stock and produce held under the auspices of the Albury and Murray River Agricultural Society took place at Woodongo on the 15th instant. The display and the attendance were both good.

Race meetings have been held at Marulan and Breadalbane, and have gone off well.

Although 220 architects intimated to the London agents of the Government their intention to submit designs for the proposed new Houses of Parliament, only eleven have been actually sent. Seven others have been received from this and the neighbouring colonies.

A man named George Snob, who was coming from Cook's River, on Sunday evening, was thrown off his cart by a sudden jerk and got his left leg entangled between the spokes of the wheel. Before he could get it clear it was badly fractured above the knee. He was first conveyed to his residence in Parramatta-street, and from thence, on the recommendation of two medical men, to the Infirmary.

The Bathurst Free Press states that the "Engine claim," at the Turon, has been sold by its eight proprietors to a company of Chinamen for £3000, and that the first and chief among these eight proprietors is Mr. John Torpey, the chairman of the Lambing Flat League, who so forcibly contended against the right of Chinamen to work on the Australian gold-fields.

A case containing plate glass, for Mr. Webb's new stores, Bathurst, was placed for safety in a stable, but coming in contact with the harness of Mr. Webb's carriage the animal became restive and smashed the whole contents of the case.

Messrs. T. S. Mort and Co. have invited the wool-growers of the colony to send samples of the present year's clip to their rooms in Pitt-street, to compete for three gold medals, and afterwards to be forwarded, through the Colonial Commissioners, to the forthcoming International Exhibition at London. The same firm has also notified its intention to offer two gold medals for the first and second best samples of cotton, the produce of New South Wales.

It will be remembered that the Rev. Mr. Chaucer was sentenced, at the last Maitland assizes, to twelve months' imprisonment, with hard labour, for having supplied the Registrar at Newcastle with a certificate of marriage which was, in certain respects, false. An application having been made to the Government in Mr. Chaucer's favour, the sentence of hard labour was temporarily suspended until a reference could be made to the Judge, but he still remains in prison. A meeting of ministers called by advertisement was held in the Temperance Hall, on Saturday, for the purpose of deliberating on this case. There was an adjournment of this meeting until Tuesday, in order that inquiries might in the interim be made. At the adjourned meeting, it was stated by the Rev. Mr. Voller, the chairman, as the result of the information obtained by him from the Crown Solicitor, that Mr. Chaucer had not only been clearly guilty of a gross indiscretion, but of a violation of the Marriage Act; consequently, that a mitigation only, not a remission, of punishment was all that could be petitioned for. This view was adopted by the meeting, and three ministers were appointed to prepare a petition embodying an expression of its feelings.

The following gentlemen have been appointed medical officers of the New South Wales Volunteer Rifles:—Penrith corps—Mr. Thomas Willmott, to be surgeon; Parramatta corps—Mr. Richard Greenup, M.D., to be surgeon; Sydney battalion—Mr. Isaac Aaron, to be surgeon, and Messrs. The Peel River bridge is nearly completed.

The seventh annual report of the trustees of the Australian Museum shows that this institution is progressing most favourably, and that there is a greater need than ever for the increased accommodation which has been so often demanded. It is intended to resume the system commenced by Mr. Pittard, the curator, of giving periodical courses of lectures so soon as the classification and arrangement of specimens are sufficiently advanced. The trustees express their satisfaction at having observed the regular attendance of a number of young men for the purpose of availing themselves of the means of self-culture which are afforded by this institution. £10,000 have since been voted by the Assembly for the enlargement of the building.

A shepherd, named James Dooley, aged 55, has died at Maitland hospital, through the absorption of animal poison, caused by having cut his thumb while skinning a sheep belonging to his son's flock, which had died. It was not suspected at the time that the animal was diseased, and Dooley took no notice of his hurt until the symptoms became so alarming as to cause him to seek surgical advice.

Mr. Joseph Cox, Sub-Gold Commissioner for the Western Gold-fields, has been appointed to act as Police Magistrate for the town and district of Tambaroora.

No. 6 Company of the Volunteer Rifles have appointed a committee of five to prepare a code of by-laws. It was understood that the proposed by-laws would fix stated times for company drill, and would require a subscription of 1s. a month from each member towards the band fund.

The Wagga Wagga Express states that Messrs. Randall and Scott purpose examining the Murrumbidgee, between Wagga Wagga and Hay, and clearing it of snags, with a view to its navigation.

An elderly woman, named Ann Druit, has been found drowned in a well at Lane Cove.

A man named Keane was acquitted some time ago, at the Gundagai Quarter Sessions, of highway robbery, the jury (as it would seem) not believing the prosecutor. Since then Mr. M'Kennie, of Narandara, caught Keane in the act of stealing a saddle. A scuffle having ensued, a pistol with which Mr. M'Kennie had armed himself went off, and Keane was severely wounded. He is, however, still alive.

A petition to the head of the Government for the speedy completion of the harbour works at Wollongong has been adopted at a large public meeting held in that township.

The Society for the Suppression of Intemperance has petitioned Parliament to abolish the system of licensing confectioners, so that there may be free trade in non-intoxicating drinks.

Mrs. Cardoza, of Araluen, has been so severely injured by her clothes having taken fire, that her life is despaired of. But for the steel hoops which she wore, she could have extinguished the flames, but as fast as she compressed the dress on one side, for this purpose, the hoops caused it to spring out of her reach on the other.

Twenty-one very fine rams have been imported by the Phœnician.

A young man, named M'Dermott, has been severely injured by a horse attached to a water-cart having trampled upon him as he was striving to prevent it from bolting.

Eighty-seven specimens of the woods of New South Wales and Queensland have been tested at the Sydney Mint, with a view to the determination of their relative degrees of strength and elasticity. Many of them prove to be superior in both respects to the oak, the ash, and the best woods of Great Britain.

Everything is quiet at Lambing Flat. The Chinese interpreter from Victoria, Mr. Henly, is now on the field, having been sent for by the Celestials to negotiate with the Government for redress on account of their loss in the late riots.

A notice, dated March 28th, to the following effect, was posted on the door of the Customs on Thursday:—Good Friday, Saturday, and Easter Monday will be holidays at this office, with the exception that, to prevent inconvenience to the public, clerks will be in attendance to receive duties and issue delivery orders from 9 a.m. till 1 p.m. on Saturday.

Fifty Pounds Reward.—It having been represented to the Government that on Saturday, the 23rd March, Mr. Richard Cox Shaw, an officer of the Bank of New South Wales, was fired at, and robbed of his horse and a large sum of money, by two men, when proceeding from Louisa Creek to Tambaroora, a reward of £50 has been offered by the Government to any person who may, within six months from the present date, give such information as shall lead to the apprehension and conviction of the guilty parties. The men, whose faces were blackened, are described as being short and stout.

Fatal Accident.—On Thursday last a child named Henry Walters, aged five years, was run over by a wood cart, driven by a boy named Robert Dickens (who was on his way to Sydney), and sustained such severe injuries thereby that he died soon afterwards. The deceased child lived with his parents at Five Dock, and it was in that neighbourhood that the accident occurred. The city coroner proceeded thither yesterday to hold an inquest on the body.

Imported Silesian Rams.—Five choice rams of the above breed, from the celebrated stud flock Prince Lichnowsky, were landed yesterday from the Centurion. Although these sheep have been landed in low condition, their fleeces are of the very finest description of wool, and their general appearance shows the most careful breeding; these rams were selected with great care by Messrs. Sallambier, Aube, and Co., of Vienna, for the flocks of Mr. Edward King Cox, of Rawden, and may be seen for a few days at Mr. Martyn's bazaar.

Agricultural Society of New South Wales.—Intending exhibitors are reminded by an advertisement in this day's issue that the entrance for the ensuing exhibition to be held at Parramatta, on the 23rd and 24th of April, will close on Monday, the 1st proximo.

The Rev. William Hessel.—A social meeting was last evening held in the schoolroom of the Wesleyan Centenary Church, York-street, for the purpose of taking a farewell of the Rev. William Hessel, who, in consequence of impaired health, has been compelled to become a supernumerary, and who, in hope of benefiting by a sea voyage, is about to leave the colony by the Tiptree for London. Notwithstanding the state of the weather, the tables were more than comfortably filled—upwards of 300 persons, it is estimated, having availed themselves of the opportunity of giving expression to their sympathy with, and respect for, the rev. gentleman and his estimable family. After tea, the company adjourned into the church, the capacity of the schoolroom being inadequate to their comfortable accommodation. After singing a portion of the hymn, "Jesus, United by Thy Grace," and prayer by the Rev. John Eggleston, the chair was taken by Mr. Alexander M'Arthur, M.L.A., who, in a few brief but appropriate and feeling remarks, expressed his sympathy with the object of the meeting, his regret that in the order of Providence they were about to lose the services of the Rev. W. Hessel—a loss not merely to the Wesleyan Church, but to every section of the Evangelical Christian Church, as well as of the colony at large—and his hope and prayer that Mr. Hessel may be spared to many years of usefulness in the Church and the world. Mr. Caldwell, M.L.A., in a brief speech, introduced to Mr. Hessel the following address:—"To the Rev. William Hessel.—Reverend and Dear Sir,—The failure of your health having obliged you to return to England, we cannot allow you to leave our shores without a warm expression of our deep sympathy with you and Mrs. Hessel in your present afflictive circumstances. We are well assured, that to a mind so active and vigorous as your own, and so fully alive to the prosperity of the Methodist Church, and to the spiritual and moral interests of the inhabitants of this colony, your long cessation from active ministerial labour must have been a severe dispensation, but, we doubt not, that you have learned to bow with cheerful submission, to the Divine will. Deeply regretting your departure from amongst us, and earnestly hoping that your desire to recover your health may be realised, we devoutly pray that God may bless the long sea voyage to your complete recovery, and that you may long be spared to exercise those talents which so eminently fit you for usefulness in the service of your Divine Master. Knowing that your affliction and return to England must be expensive, we beg you to accept a small practical token of our affection and respect. Commending you and your family to the special care of Divine Providence, and trusting that the richest blessings of the Great Head of the Church may rest on you and them. We are, reverend and dear Sir." Mr. Hessel, under deep feeling, rose to receive the address, and responded to the kindly sentiments to which it gives utterance; and proceeded at considerable length to address the audience on the position and prospects of the Wesleyan Church in this colony, and concluded by soliciting an interest in their prayers for himself and his family, and pledging himself to reciprocate these remembrances. The meeting was addressed briefly by the Rev. John Eggleston, Rev. W. Cuthbertson (Congregational), Mr. F. J. Garrick, Mr. J. Callaghan, and the Rev. J. Oram. A portion of the hymn "Blest be the dear uniting love" was sung, the Rev. J. Calvert engaged in prayer, and the Rev. G. Hurst closed the meeting by pronouncing the benediction. (The purse presented to Mr. Hessel contained £230, but it is expected that the sum will be increased to-day to £350.)

The Prisoner Beardmore.—This unfortunate young man was again brought up at the Police Office, West Maitland, on Thursday, when the examination of the witnesses for the prosecution was gone through, and he was remanded till Monday. The examination elicited some carelessness on the part of the bank officials. The office was crowded to excess.—Correspondent.

In yesterday's issue we mentioned that an inquest was held on a German; this was an error, as it was on the late Mr. J. S. Chavasse, who was an Englishman.

Burton's National Circus.—During the week the performances at this favourite place of amusement, in Pitt-street, have been of a most attractive character, and have drawn together each evening large and delighted audiences. The indefatigable proprietor merits the highest praise, not only for the variety, but the chaste and elegant nature of the entertainments provided. Added to the feats of the ring, and the gymnastic exercises—which we have rarely seen equalled, and certainly never excelled—the drollery of the clowns, who are the wittiest of fellows, keeps the audience in the best of humour from the commencement till the close of the performance. By referring to our advertising columns, it will be seen that there is to be an extra performance to-day, for the benefit of the juveniles, commencing at two o'clock, in addition to the usual entertainment in the evening, at eight o'clock. Monday night, we may state, is to positively the last appearance of this talented troupe, which takes its departure for the north on the following day.

PARRAMATTA.

[From our Correspondent.]

MR. HOLROYD'S MEETING.

According to notice, Mr. Holroyd addressed the electors of Parramatta, at Mr. Wilcockson's, Royal Oak Inn, on Thursday evening. Notwithstanding the short notice the large room was well filled, and though rather noisy, the meeting appeared to be warmly in favour of the candidate.

On the motion of Mr. Griffiths, seconded by Mr. Pye, Mr. J. M. Gould took the chair.

The Chairman, in introducing Mr. Holroyd, made some preliminary remarks expressive of his high opinion of the merits of the candidate from personal knowledge, and from having watched his past career. It had long been their wish (he said) that the Borough should be properly and efficiently represented, and fortunately they now had a member, Mr. Lackey, who was doing all he could for his constituency, and in Mr. Holroyd they had a gentleman who had already done much for the town, and who would, if returned, really and truly labour for its benefit and advantage. He trusted they would do their utmost to return Mr. Holroyd. (Loud cheers.)

Mr. Holroyd, on advancing, said that he felt somewhat flattered, and very much gratified, at the way in which Mr. Gould had spoken of him. He felt that much more praise had been given than his services deserved. He had yesterday morning observed an advertisement signed by their late representative (Mr. Byrnes) announcing the resignation of his seat, and immediately beneath it they must have noticed one from Mr. Kemp—a gentleman whom he had known for a number of years, and very highly respected; and, considering the fact of one announcement following the other so speedily, and also that the Speaker had only received Mr. Byrnes' resignation yesterday afternoon, it must have occurred to them, as to him, that Mr. Kemp came forward upon this occasion as a protege of Mr. Byrnes. (A voice: "Ah, but we wont have that.") He had only yesterday attended on behalf of some of the electors at the revision of the Electoral rolls, and had seen the way in which the roll had been tampered with. The electors would have been swamped by the number of "duffers" sought to be introduced, and he was happy to say of 104 claims 76 had been knocked off. At that time he had no intention or thought of standing, but subsequently a number of gentlemen met at Mr. Williams's, and requested him to come forward. He had acceded to their request, and, considering that on his former candidature—having only been about thirty-six hours in the field—he had polled 277 votes, of which 231 were plumpers—(cheers)—he felt he had some little claim upon their regard. He was then defeated, but he felt that that defeat was a great gain, and that he had the confidence of the people. If he was again defeated he would attribute it to the fact which he had discovered to-day, that the voting in the forthcoming election would be taken upon the old roll, the nomination day being fixed for next Monday week the 8th of April, and the polling day for the 10th, a few days short of the time prescribed by the Act for the new roll to be in force. It was true that he had no property in the town, but he had for some years been identified with its interests, and hoped shortly to live near it. Long before he had aspired to represent the town he was working for it in connection with his friend on his right, Mr. Pye. He had obtained the grant for the waterworks; and principally through Mr. Pye, the late Mr. R. Nichols, and himself, the Domain had been obtained as a park for Parramatta, and he had ever regretted, and did still regret, that their efforts in this respect had been frustrated by the one-sided appointment of the trustees. They were all political appointments, and he did hope that persons of various shades of opinion having a common interest in the town's welfare would have been appointed. Mr. Holroyd then referred to his efforts on behalf of the Agricultural Society. In turning to the political topics of the day, he would take first that which was the most prominent—the Synods Bill. Mr. Kemp, he knew, was a warm supporter of that bill, and he would at once tell them that he had always been diametrically opposed to it. Other denominations had all along worked harmoniously and effectively without legislative enactment, and he was unwilling to give the Bishop one jot more power than he possessed at the present time. Late events had shown what evil effects would follow from so doing, and, if returned, he would oppose the bill. He had considered Mr. Weekes' system of finance, and doubted very much whether the tea and sugar duty ought to be repealed. He thought it far better to allow a light tax of this nature to remain than to tax the rum, and thus encourage illicit distillation. If he thought that the removal of this tax would lighten the burden upon the labourer and artisan, he would do so, but it would be found that the benefit would be not to the consumer, but to the merchant and the retailer. It was merely the removal of a light burden which no one felt, for the imposition of a heavier one. To raise the revenue, he would rather tax property; and those absentees from the colony who had drawn their wealth from it, should contribute their share. He was in favour rather of a property than an income tax; but he knew no greater curse than the stamp duties proposed; and unless considerable modifications were made upon the English law, he would not support it. That duty would fall upon the small trader and shopkeeper, not the wealthy man. The stamp would be the same upon a cheque for £1, or other small sums, as that by which the wealthy man could draw his large amounts, and consequently it was unjust. He was, however, in favour of bank notes being taxed. With regard to education: since he had seen their workings, he had been in favour of both the present systems going on concurrently. He was himself partial to the National system, but for the sake of a wholesome rivalry, and to satisfy many parents who liked the Denominational, he would, until some comprehensive scheme could be devised for amalgamating the two systems, support both grants. And so with State-aid. Sooner or later, doubtless, it would have to be discontinued; but he hoped never in his time. He would mention, as an instance of the effect of the Voluntary system, that, as he was informed some few years back, a Baptist minister resided in Parramatta who did duty there and at Smithfield continuously, and who received the sum of £40 per annum for both duties. So much for the Voluntary principle, and they were not justified in withdrawing the endowment unless some other plan were substituted. With regard, also, to protective duties, he was utterly opposed to them, and if his election depended upon it he would tell them not to vote for him as a protectionist, for he had ever been, and would ever remain, a freetrader. If they laid a protective duty upon one article, they must do so upon all, and he would ask any of his hearers would they like to pay 20s. for a pair of boots which they could get for 14s., and the same with every other article of daily use. It was useless to attempt to force colonial industry in any such unnatural manner. Mr. Holroyd proceeded to explain his views upon the land question. He was in favour of free selection within proper limits. Bearing upon this question, he was in favour of assisting emigration by giving the emigrant who pays his passage a land order to enable him to settle down in the country and cultivate. This, he believed, would be a wholesome addition to the present law. The Chinese question, though not apparently so, was one of great difficulty. The present Bill, he conceived, would not pass the Upper House; at all events, without considerable alteration, which would necessitate its appearance in the Assembly. As at present framed he would not give it his support. The Mercantile Marine Act, and the Passenger Act, were now in force, and under their restrictions only should the Chinese come. It was a most preposterous feature of this bill that to each Mongolian shipped, a tonnage of twenty tons was allotted. Thus, in a ship of 800 tons only, forty Chinamen could be brought. It was improper class legislation. Why should only five tons be allotted to a German, and twenty to a Chinaman? (A voice: "Because he's a Pagan." Laughter.) He would not say that Chinamen should be prevented from coming here, but was prepared to restrict their immigration by a proper tax. He regretted that the Municipalities Act had not been carried out in this town, and that the reservoir constructed at so large an outlay, was in consequence useless. He was informed by Mr. Lackey, that he had succeeded in getting the sum of £200 placed upon the Estimates towards the repair of the dam at the King's School; but with such an Act in force, it was not to be expected that the Government would yield to such claims from members for their various constituencies. Very little outlay would be required in this town compared with others, as there were no cuttings in the streets, and, therefore a proportionably small rate was necessary. In Redfern, the Glebe, Paddington, and other hamlets of Sydney, the improvements now made were most extensive, and the effects produced there were characteristic of the advantages derivable from municipal institutions. For the alteration of the constitution of the Upper House, he was afraid not sufficient time remained. The five years would elapse on the 14th of May, and he thought it very likely to remain as now constituted. He would inform them, although he now thought that on the whole the Upper House had proved a failure, that he was one of those who passed the bill, but he did so with the sincere belief that it would be a benefit, and he believed in the experience and wisdom of the gentleman who brought it forward. He alluded to Mr. Wentworth, whose name was ever to be regarded with esteem and veneration. That gentleman had, in case the measure should prove faulty, provided a remedy by limiting its duration at first to five years. He (Mr. Holroyd) would prefer to see the Upper House elective, but based upon a higher franchise, and not a mere reflex of the Lower House. In conclusion he would remark that, although in opposition to Mr. Kemp, he held him in the highest esteem, and if they preferred him, let them elect him. Let them, at all events, exercise their franchise conscientiously. He pledged his word that he would not do as their late member had done, he would not keep his seat a dead letter for three months, but would immediately take his seat and watch their interests narrowly.

In answer to a question whether he would take a situation under Government, Mr. Holroyd said that he never had solicited nor would he solicit any appointment from the Ministry.

In answer to another question, Mr. H. expressed himself in favour of an economical system of railway communication throughout the colony—it might be by horse tramways, but which could at any time be rendered suitable for locomotives.

Mr. Holroyd retired amid loud cheering.

On the motion of Mr. J. Goon, seconded by Mr. Griffiths, the usual resolution of approval was put and carried unanimously.

After some further remarks from the Chairman, the meeting dispersed, with three cheers for Mr. Holroyd.

COUNTRY NEWS.

Fatal Accident.—On Saturday last, as a party of Chinamen were engaged in working an alluvial claim upon the Main Adelong, about four miles above the saw mills of Messrs. Austin and Hogan, without one preliminary symptom or warning the side walls caved in. Fortunately only one was at the time in the claim, a man named Ashack, a native of Canton. The poor fellow was instantly buried beneath the mass of falling earth, and though his comrades proceeded instantly to extricate him, yet, such was the pressure endured, life was barely remaining when he was taken out, and died about half an hour after.—Wynyard Times.

Extraordinary Presence of Mind.—One day last week Mrs. Swedenborg, of Major's Creek, who has a little boy six or seven years of age, suffering under an ailment which confines him to his bed, heard him calling out to her to come to him and to remove a cat off his neck which he said was strangling him. Being engaged at the time, she took no notice until his cries were repeated, when upon going to the bed she found an enormous black snake coiled in three or four folds round his neck. Mrs. Swedenborg with great presence of mind made a dart and caught the reptile by the back of the neck, evading the possibility of receiving any injury from its fangs, and throwing it upon the ground, attempted to destroy it, but it escaped with a slight cut on its tail. It was, however, taken next day and destroyed. A few days subsequently, a snake nine feet eight inches in length was killed near Mr. Patrick Egan's, the Poor Man's Inn.—Braidwood Observer.

Separation.—The secretary of the Deniliquin Branch Association is employed, under the guidance of the committee, in communicating with the different and distant parties likely to be friendly to separation.—Pastoral Times.

Elopement and Robbery.—Stoney Creek and its vicinity was on Monday last thrown into a state of excitement by what at first seemed only a rumour, but which at last assumed the proportions of an absolute fact. About midday it became known that Louisa Vicary, wife to Mr. John Newell, of Stoney Creek, had eloped with a man named George Harvey. The misguided woman took with her 200 ozs. of gold, £120 in £1 and £5 notes, and two horses. She is quite a young woman, twenty-four years of age, and her seducer her junior by a year. The road has been scoured for upwards of fifty miles, but no trace of the guilty pair obtained. £50 reward is offered for the apprehension of the runaway.—Burrangong Miner.

Robberies on the Lower Turon.—It is reported that Mr. Gordon, a shoemaker, formerly residing in Bathurst, was robbed of thirty ounces of gold on the Lower Turon, on Saturday night last. Intelligence has also been received of a Chinaman being robbed, about the same time, of a sum of money amounting to £12.—Bathurst Times.

Death by Drowning in the Edward.—Early last Saturday morning, Mr. Huon, of North Deniliquin, discovered the body of a man, known in the neighbourhood as "Little Jacky," lying on the bank of the river, partially covered by water. Information was immediately forwarded to the police, and during the day a magisterial inquiry was made by Mr. R. Dun, J.P., into the circumstances. From what transpired, it appeared that the deceased was a very old man, had been ailing for some time, and was last seen alive on the previous Thursday. Whether death was the result of accident or arose from a suicidal intent did not appear very clearly, but there is a strong suspicion that the latter was the fact.—Pastoral Times.

The Season.—A very seasonable supply of rain visited our district on Monday last, which was the more necessary, inasmuch as for some days previously the plough had been stayed in its operations in consequence of the protracted drought.—Bathurst Times.

Crown Land Sales.—A sale of Crown lands was held at the court-house, Braidwood, on Monday last. The competition was not spirited, the following lots only being sold:—Lot 16, 1a 2r 22p, H. Weaver, at £4 per acre; lot 18, 9a 11p, T. Weaver, at £2 10s per acre; and lot 28, 2a 3p, H. Weaver, at £3 per acre. These were in the village of Monga. The town lots sold as follow:—Lot 27, 35½p, W. Weaver, at £3 per lot; lot 28, 1r 19p, W. A. Pronger, at £10 10s the lot; lot 29, 33½p, J. H. Blatchford, at £29 the lot; lot 30, 35½p, W. Weaver, at £30 10s the lot; and lot 31, 35½p, R. Geelan, at £17 10s the lot.—Braidwood Observer.

Highway Robbery.—Our telegram from Bathurst, in the Herald of Wednesday, noticed the following daring robbery, the full details of which we quote, as follows, from the Free Press:—"On Saturday night last, Mr. Shaw, a purchaser of gold for one of the Sydney banks, was riding from Meroo to Tambaroora, when suddenly he heard the report of fire-arms and a shot whizzed past him; his horse frightened by the report, started suddenly and threw him, and he immediately discovered a masked man standing over him with a revolver. On turning his head Mr. S. saw another man leading his horse away, and he afterwards discovered that the sum of £550, with which he intended to purchase gold, had been taken from his saddle bags. On the same day, a digger travelling from Mudgee to Sofala, was met by a man armed with a revolver, who told him to "stand and deliver," he took from the digger his blankets and what little money he had on his person, and left him to bemoan his hard fate.

Grapes.—The scarcity of this luscious fruit in this district is very remarkable this season, the weather having been greatly against their production. The grape, we believe, is the only fruit the growth of which has been affected by our unfavourable season.—Braidwood Observer.

District Court Meeting.—A meeting, called together by some of the principal business people of the township, for the purpose of petitioning Government for the speedy establishment of a district court in Deniliquin, was held in the Court-house on Friday last. Mr. Charles Farran, being requested to take the chair, read the advertisement calling the meeting, and referred to the great necessity which existed for the more extended administration of justice in this place.—Mr. Waring then moved, "That in the opinion of this meeting, in consequence of extreme losses continually sustained by the mercantile and trading community of this district, together with the fact that in criminal cases justice is frequently evaded, it is both highly desirable, and absolutely essential, that a court of quarter sessions, together with a district court for the recovery of debts exceeding £10, be immediately established at Deniliquin; and this meeting would suggest, to meet this desirable object, the Government be immediately petitioned to cause to be placed upon the estimates an adequate sum of money for that purpose."—This was seconded by Mr. Cameron, and carried.—A memorial, embodying the facts as set out in the resolution, was then adopted for transmission to the Government. A committee having been appointed to manage the business, and a vote of thanks passed to the chairman, the meeting terminated.

Agricultural Society.—The exhibition of the Argyle Agricultural and Horticultural Society takes place on Wednesday next. The season has been so prolific in almost every description of agricultural and horticultural produce that we are justified in expecting an unusually attractive display at the forthcoming show. The prizes are sufficiently numerous to embrace all descriptions of produce.—Goulburn Herald.

The Gulf Diggings.—The Araluen correspondent of the Braidwood Dispatch, writing on the 21st instant, says:—All the hill claims on these diggings are turning out well. There are two puddling machines at work, the other parties preferring to puddling the dirt in troughs before sluicing it. Goodenough's party got a beautiful specimen last week of gold and quartz intermixed, weighing about fourteen dwts. The creek claim holders are busy putting in wheels and pumps; they are delayed very much in consequence of having to go to the town of Moruya, a distance of thirty-five miles, for the iron work necessary for the machinery. The gold is of a coarse description and weighs well; all that is being obtained at present, however, is from the hills, none of the creek claims being opened yet. When once fairly at work, no doubt there will be good escorts from so young a gold-field.

A Hint to Gundagai.—We have this week received back again (but only for a short time) many of our residents that had been drawn from us by the attractions of Lambing Flat. They all appear to report favourably of the place, but use no extravagant terms of praise. They are also all unanimous upon another point and express their full conviction that the gold-field will ultimately extend to Muttima, every surface indication of the ground sustaining the probability of such a fact.—Wynyard Times.

A fair amount of business has been transacted in the share market this week, and sales of most of our dividend securities have been made at full rates. The news by the English mail of a decline in the value of Bank shares has not affected our market, and prices have on the contrary rather an upward tendency. The fluctuations that have taken place since last report are as follows:—Bank of New South Wales shares are firmer, and have been sold at an advance of 5s. per share on last sales. Commercial Bank shares are steady, and the improvement noticed last week has been maintained. Hunter River New Steam Navigation shares continue in request, and have advanced 5s. per share. The following are the prices at which sales have been made during the week. Commercial Bank, £45 10s. per share. Bank of New South Wales, £35 5s. and £35 10s. per share. Union Bank, £42 10s. per share, cum div. Australian Joint Stock Bank, £11 per share. Australasian Steam Navigation Company, £22 10s. per share. Newcastle Coal and Copper Company, £17 10s. per share.

In Government debentures, there have been no transactions, but prices are firm. Terminables are enquired for, but there are none in the market.

The following table shows the closing prices of our securities, as well as the rates at which business has been done during the week:—

Business during the past week has been exceedingly quiet, and there has been but little movement in any of our markets. The only fluctuation of any consequence has taken place in sugars, which are very firm, and have realised higher rates. Oilmen's stores are also more enquired for, and well assorted invoices will command a slight advance on last sales. In flour there is no change to notice; and, notwithstanding the late arrivals from Adelaide and Launceston, prices are maintained; Adelaide is worth from £18 to £18 10s. per ton. Wheat is firmer; Adelaide is quoted at 7s. 6d. to 8s. per bushel, and sales have been made this week at 7s. 9d.

Messrs. Richardson and Wrench have sold by auction, this week, a farm at Brisbane Water, for £500, and allotments in the town of Mudgee £15 each. The Nanimi and Tradgery runs, with cattle, submitted on Wednesday, are now under offer. Macnamara's wharf and stores, and other properties, offered at auction yesterday, were all bought in by the vendors.

Messrs. L. E. Threlkeld and Co. held a very important sale of American and Oregon timber, on account of Messrs. Towns and Co., at their Wharf, Miller's Point, on Thursday, comprising the shipments, ex Beaver, Tropic, Homer, and Margaret Eliza, from New York, and the balance of the shipment ex Amos Laurence and Royal Saxon, from Puget Sound. There was a large attendance of timber merchants and country buyers, and upwards of half a million feet were disposed of at satisfactory prices. T. and G. white pine realised from 23s. 6d. to 24s. per 100 feet; spruce T. and G. pine, 23s. and 24s.; clear pine, 1 inch to 2 inch, 27s. to 27s. 6d.; inch shelving boards, 23s; clear rough plank, 27s. 9d.; Oregon T. and G., inch and 1½ inch boards, at 23s. all round; rough Oregon scantling, 15s. to 16s. 3d.; Oregon inch boards planed one side, 20s. The same firm sold the balance of Mauritius sugars, ex Picard, at an advance of £2 per ton on former sales; also the shipment of Mauritius sugar ex Asa Packer, at private sale, at 42s. to 43s. for light counter, and 37s. for medium yellows.

RAILWAY CARRIAGE.

To the Editor of the Herald.

Sir,—Allow me to call attention, through your columns, to a matter that is felt to be a great hardship by a large number of the trading community.

Teamsters arrive in town by train in the morning for and with orders, and, in consequence of the tardiness in the Customs, it takes sometimes all day—seldom less than half a day—getting a load out of bond; the result is, by the time the drays reach the railway station it may be one minute past five o'clock, and if so they are marched back, load and all, which makes it felt very severely by poor teamsters, as well as to traders who are waiting for their goods. At the present moment there is peculiar hardship. Goods sent to-day (Thursday) would have gone down on Saturday, but the drays being two minutes past five, were sent back, so that the teams must now wait till Monday, which is a loss of two days for the sake of a few minutes.

I would suggest that the goods station should be kept open one hour later during the summer months, which is certainly the busiest part of the year, and as business people they (the managers) ought to be obliging.

I am, yours, &c.,

A TRADER.

STOCK AND SHARE LISTS.

[BATON AND SON.]

The share market has not been so active this week as before, and sales have been limited in amount. Within the last few days we have sold:—

Commercial Bank shares, at £45 10s.
New South Wales ditto ditto, at £35 5s.
Joint Stock ditto ditto, at £11.
Loans upon the security of shares, &c., are negotiated at from 7 to 10 per cent. per annum.

[LENNON AND CAPE.]

Our share market has been more active this week than for some time past, and we have sold a good amount of stock in the Bank of New South Wales and Union Bank; the shares of the Illawarra Steam Company have also been freely dealt in. Joint Stock, Clarence and Richmond Steam and Hunter River New Steam, are enquired for; but holders are not inclined to sell except at an advance on last quotations.

Our sales this week have been, in—
Bank of New South Wales, £35 10s ex div.
Australian Joint Stock Bank, £11
Union Bank, £42 10s cum div.
Australasian Gas Company, £8 paid, £12
Australasian Steam Navigation Company, £22 10s
Hunter River New Steam Navigation Company, £14
Illawarra Steam ditto ditto, £4 15s cum div.
Newcastle Coal and Copper Company, £17 10s.

[J. MULLENS.]

The market has been very quiet this week, owing to the inclement state of the weather. I have enquiries for Australian Joint Stock Bank shares, at £11, still unsatisfied.

My only sales have been Sydney Insurance Company's shares, at £3 9s.

28th March.

STOCK AND STATION CIRCULAR.

[MR. BREWSTER.]

Stations.—Some large properties have changed hands during the week. The Warra Warra stations, advertised by me for sale by auction on the 27th instant, have been sold privately, together with 34,000 sheep, 1000 head of cattle, and 110 horses, for the sum of thirty thousand five hundred pounds (£30,500), with all stores, drays, working bullocks, household furniture, &c., &c., given in.

Store Cattle.—No improvement in the demand; prices remain nominal.

Store Sheep.—Sound breeding ewes, ages 1½ to 4 years, in New South Wales and Queensland, are enquired for, but very few offering. The principal portion of the stock now for sale are old, aged or culled sheep, which are all but unsaleable. There is a slight demand for New England wethers, which are worth from 8s to 9s per head. I have disposed of a flock belonging to Hargraves, Esq., of Hillgrove, New England, at nine shillings (9s) per head cash.

Fat Stock.—There is but little alteration in this market; cattle selling at from £4 to £6; sheep, 14s to 17s per head, according to quality.

Sydney, 28th March.

[MR. THOMAS DAWSON.]

Store Cattle.—Few enquiries and little doing.

Store Sheep.—I have placed two flocks of breeding ewes, delivery taken on the station at Monaroo, at 10s, half cash.

Store Sheep.—In New South Wales I am selling wethers at 10s to 10s 6d; maiden ewes, 13s to 14s; breeding ewes, 13s. In Queensland—Wethers, 9s to 10s; maiden ewes, 14s to 15s; breeding ewes, 13s. All cash on delivery.

Horses.—This market for fine handled stock is very good, and for travelling purposes, shipment, or town use, the prices are, £15 to £30 per head.

PRODUCE CIRCULARS.

[MORT AND CO.]

Wool.—The supply to hand this week has been very limited, and our sale to-day comprised 174 bales, only 132 of which found buyers; and, though prices were fully equal to late quotations, there was an indisposition to speculate.

Sheepskins.—Supply small; only 1097 were catalogued, which sold at from 5½d. to 9d. per lb.

Tallow.—Although some parcels realised a slight advance on late prices, the demand is still very limited for shipping parcels.

Hides.—Nothing offered by which to test the market. One parcel of 112 hides sold at 13s. 9d. each; the other parcels, consisting of dry and inferior, were disposed of at from 5s. to 7s. each.

[G. B. EBSWORTH.]

Wool.—There is little inclination to purchase, even at the reduction noticed last week; and, although there is no actual decline, the fact that freights are on the rise, and nearly one farthing per lb. higher than last quotation, operates against any improvement in this market. Seedy wools are neglected, and difficult to realise.

Sheepskins are not so firm, and fully halfpenny per lb. easier.

Tallow.—The market has been well supplied with tallow suitable for soap-boiling, and all has met ready sale at previous rates. A few casks of mutton tallow have realised high figures, but selling in small lots of one or two casks is no test of the value of shipping parcels.

Hides.—There is not so much desire on the part of the home trade to purchase this week, but as those brought forward were mostly of inferior and second quality, the prices obtained were fully equal to last week. The market must be reported firm at former quotations.

The humpback and black oils were withdrawn, there being no competition.

28th March.

[DURHAM AND IRWIN.]

Wool.—The market for this article is easier, and the prices obtained are a shade under those of last week; this must have been expected from the general tone of the European news per last mail. Prices may be quoted thus: Superior clips, 1s 9d to 1s 11d; scoured, 1s 10d to 2s 2d; middling, 1s 6d to 1s 8d; greasy, 9d to 1s; handwashed and skin, 1s 5d to 1s 9d; locks, &c., 7d to 1s per lb.

Sheepskins.—If clean, and longwoolled, are very saleable at late rates. Prices are as follows:—Pelts, 3d to 5d; full growth, 6d to 9½d per lb.

Tallow.—Shipping parcels of boiling down are in demand at £39 per ton; but the town trade, to supply their immediate requirements, are disposed to give higher rates for small parcels. Prices obtainable are as follows—Mutton 44s to 47s 6d, beef 38s to 40s, station 37s to 47s per cwt.

Hides.—The late high rates given at our previous sales are not likely to be maintained—15s 6d may be considered the highest prices obtainable for heavy well cured. Prices range thus—first heavy 13s to 15s 6d, light dry and inferior 8s to 12s 6d.

Horns and Bones.—There are few buyers in the market for horns or bones. Prices may be quoted thus: Horns 10s to 24s per cwt., shankbones £7 to £10 per ton.

Circular Quay, March 28.

[W. WILLIAMS.]

Hay.—Prime lucerne is worth £5 10s per ton; oaten, about £6 per ton.

Potatoes and Onions.—H. R. potatoes, £3 10s to £4; V. D. L., £4 10s to £5; H. R. onions, £4 to £5; V. D. L., £7 to £8. Market fairly supplied.

Bacon.—Very few parcels of really prime and sound offering, which may be quoted at 7d per lb.

Butter and Cheese.—Market fully supplied, best butter is worth only 6d per lb., cheese about 4d per lb.

Timber.—Cedar in log, prime cargoes may be quoted at 14s per 100 feet. Colonial hardwood, assorted cargoes, 15s to 16s per 100 feet. Shingles—prime forest oak or ironbark, 30s per 1000.

LABOUR MARKET.

[HAIGH AND BROWN.]

The demand for labour, although improved, can be met by the supply in our market of applicants for employment of various descriptions. We have still several of the new arrivals on hand, consisting mainly of shepherding, domestic, and farm servants. Female servants of good character are still much required for town and country. Wages unaltered.

Sydney, March 27.

HORSE MARKET.

Mr. Martyn reports that the wet weather during the past week has retarded the horse market. Several country lots have arrived, and several have been postponed on account of the weather. Those that have arrived have been disposed of at fair prices. One lot of thirty, from Port Stephens, was sold at the Bazaar on Thursday, prices ranging from £14 to £37 per head. Several lots from the southern district have been sold at prices from £10 to £27. A large draft from the stud of Henry Osborne, Esq., sold at the Cattle Market, brought a fair average. The heavy draft colts, from the stud of Mr. Murphy, have not yet arrived.

MAITLAND STOCK REPORT.

[THOMAS CADELL.]

Stations.—I have no sales to report. I have received advices of the sale, by John Brewster, Esq., Sydney, of the splendid sheep-stations of H. B. Fitz, Esq., Queensland, known as Warra Warra, and others, for the sum of £30,500 cash. Really good sheep-stations are readily disposed of.

Fat Cattle.—Market fairly supplied. Prime cattle sell well, and are in demand in this and the Sydney markets. Quotations for good to prime, £3 15s to £4 15s. Good cattle will fully maintain value.

Fat Sheep.—Prime wethers sell freely, at from 13s to 14s, but they must be very superior to realise the highest quotation. Ewes are worth from 8s to 11s 6d.

Store Cattle.—I hope that there are at last symptoms of a little improvement in the demand for store cattle in Victoria. If the demand increases prices will also advance. Quotations for equal sexes have been from 25s to 30s, two to seven years; mixed herds, 20s to 25s.

Store Sheep.—I have sold a mixed lot of 4400 wethers, ewes, and lambs, for 5s per head. There still exists the demand for sound good young ewes, and also for breeding ewes, three to five years. Prices are well sustained. Wethers are also being enquired for, and I anticipate some large purchases being made for the Victorian market. Quotations—maiden ewes, 12s to 14s; ewes from three to four years, 11s to 12s 6d; mixed lots, 8s to 9s 6d; wethers, 8s to 9s. I can sell at these prices.

Horses.—Heavy colts are in demand; light stock dull of sale. Working bullocks sell very well.

Store Pigs.—Not in so much demand.

Fat Pigs.—Increasing in demand.

Wool.—Best clips, 1s 8d to 1s 11d, greasy 10d to 11½d per lb. Market pretty firm.

Tallow.—Beef, £38 per ton.

Hides.—Prime heavy, 13s to 13s 6d; light and middle quality, 7s to 9s. The higher quotations refer to very heavy salted hides, fit for shipment.

Sheepskins.—7d to 8½d per lb.

Landed Estates.—Well selected properties are saleable.

I think the stock landed ex Edith Byrne, from London, one splendid Hereford bull, Garibaldi, selected and purchased in England by Mr. Scott, Coomer, for £157 10s. bred by Mr. Price of Pentridge; also five pure bred Hereford heifers, ex same vessel, from the noted herds of Mr. Rae, and the late Mr. Turner, England. They were considered the best bred lot of stock ever sent to the colonies, and arrived in fine condition. I disposed of the bull and five heifers to George Loder, Esq., of Abbey Green, near Singleton, for the sum of £1100. Mr. Loder is well-known, as a first-class breeder of stock, and in a few years the results of his spirited speculation will rank him as one of the best of our colonial breeders of pure stock.

More Snakes.—Mr. Malcolm Paterson, of Kirk Connell, informs us that on Sunday morning last, he killed a brown snake, about five feet long. Observing its immense size, he opened it and discovered therein nine young snakes coiled up; they were about nine inches long and apparently quite ready to be sent abroad and do battle for themselves. They were despatched in the wake of their mother.—Bathurst Free Press.

FUNERAL.—The Friends of Mr. JAMES WILLIAMS are respectfully invited to attend the Funeral of his late beloved WIFE, MARIA, to move from his residence, Macleay-street, Potts Point, TO-MORROW (Sunday) MORNING, at Eight o'clock precisely.

THOMAS HILL, undertaker, King and Riley streets.

TO THE ELECTORS OF THE UPPER HUNTER.—Gentlemen,—I lose no time in informing you that, with the view of being appointed to the Legislative Council, I have this day resigned the seat in the Assembly, which I held as your representative. I would not conceal from you if I could that, severing for a time, at least, the connection that has so long existed between us—extending throughout the whole period of Parliamentary Government in this country—has caused me much pain. I feel assured, however, that you will not fail to perceive, in the motives that have influenced me, ample justification for the step. Bills with which I am particularly identified, providing for a comprehensive reform in the administration of the public lands having passed the Assembly in their integrity, it seemed to my colleagues and myself, after the best consideration we could give to the subject, that, at the present crisis, my Parliamentary services are most required in the Legislative Council. In common with every constituency in the colony, I know you have always taken a deep interest in those important measures, and the extreme confidence, kindness, and consideration, which I have ever experienced at your hands, induce me to hope that you will affirm the propriety of the course I have felt it my duty to pursue.

I am, Gentlemen,
Your most obedient and faithful servant,
JOHN ROBERTSON.

Sydney, 28th March.

TO THE ELECTORS OF PARRAMATTA.—Gentlemen,—I have just heard that Mr. Byrnes has resigned his seat in the Legislative Assembly, and take the earliest opportunity of informing you that I am a candidate for the honour of being one of your representatives. As soon as the new writ is issued I shall have the pleasure of personally addressing you on the principal topics of the day, my opinions on which are well known to many of you.

I am, Gentlemen,
Your most obedient servant,
CHARLES KEMP.

Macquarie-street, Sydney, Tuesday Evening.

TO THE ELECTORS OF PARRAMATTA.—Gentlemen,—I beg to inform you that I am a candidate for the vacant seat in your electorate occasioned by the resignation of Mr. Byrnes.

As I purpose holding several meetings previous to the election, I shall have opportunities of making you acquainted with my political opinions, and remain,

Your obedient servant,
ARTHUR T. HOLROYD.

Sydney, March 27.

A fair idea of Mr. C.'s ability as a teacher may be gathered from the many tokens of appreciation, received from the parents of those boys he has instructed as well as from the following testimonial:—

"Dear Sir,—Since we have had the pleasure of being under your tuition in the Lyceum evening class, we have had many opportunities of witnessing your untiring zeal in forwarding our interests, in opening to us a clear path in the way to learning, and in helping us with your kind and able instruction to form correct ideas of those things which will be so useful to us in future days.

"As a token of our admiration of your character as a gentleman, and high estimation of your abilities as a tutor, we beg to present you herewith a writing desk, bearing the following inscription:—'Presented to M. R. S. Cannon, by the Lyceum Evening Class, 2nd July, 1860.'

"Though the testimonial is but small, we feel assured you will not value it the less, and we hope that on looking at it hereafter, when many of us are scattered over the 'wide world,' it will remind you of those who sincerely trust that you will be successful in all your undertakings, and who beg to subscribe themselves,

The healthy position of Liverpool is unsurpassed by any other town in the colony, and as an evidence of the fact, it may here be mentioned that the only charge for medical attendance for the whole establishment in 1859 was but £2 12s. 6d., and for 1860, only £4 7s. 6d.

SALES BY AUCTION.

THE CASHMERE RUNS, consisting of the following seven blocks:—
CASHMERE GLENLYON
DESIDERATUM CLEARWATER, and
CYPRESS VALE CHESTERFIELD, and
CAIRNGORUM:
And with which will be sold
1000 HEAD OF CATTLE, more or less.

Terms—Half cash, half credit.

MORT and CO. have been instructed to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock, on TUESDAY, 16th April,
SEVEN BLOCKS of country, situated on the Maranoa River, close to its junction with the Balonne River.
They have an extensive frontage to both banks of that river, are abundantly watered, and the country consists of box and silver-leafed ironbark, with some PLAINS of CONSIDERABLE EXTENT, various descriptions of SALT BUSH, and abundance of MYALL, the grasses being rich oaten and barley grass. They adjoin the "Wagoo" and No. 10 Runs, and also Mr. Flood's Tertulla Creek run.
With these runs will be sold 1000 HEAD OF CHOICE CATTLE, more or less, of about equal proportion of ages and sexes, all under seven years old.
. Full particulars of the cattle may be learnt on application to Mort and Co. They are perfectly quiet and well bred, and can be mustered in a few days.

☞ This choice cattle property is in the market for positive sale, and can be safely recommended, particularly as a rare chance for a beginner, the country being very superior, and the quantity of stock upon it a mere bagatelle as compared to the grazing capabilities. It is indeed rarely that a chance of the kind is to be met with, combining, as it does, a large extent of excellent country, very lightly stocked, and the cattle very good.

FOR POSITIVE SALE.

QUEENSLAND.—DARLING DOWNS.

That well known first-class pastoral property, THE WYAGA RUNS, comprising Wyaga, Heads of Yarrel Creek, Wondul, and Bulli Creek, in the Darling Downs district. These stations adjoin, are well watered, and consist of open box country, interspersed with salt bush and other salsolaceous country. Gore, Brothers, and Captain Vignolles, and are within about 160 MILES OF WATER CARRIAGE.
THE IMPROVEMENTS comprise every requisite for advantageously working the stations, and are as follows—
ON THE HEAD STATION.

Killing, milking, and horse yards, and sheep drafting yards.
Four huts for men, garden, and extensive paddocks.
There are also eleven substantial out-station huts and yards.
With the Wyaga runs will be sold the following sheep:—
5812 wethers, more or less, from yearlings up to and including full mouthed
9685 ewes, breeding, more or less, from maidens up to and including full mouthed
6563 lambs, more or less, of sexes
249 rams, more or less.
Total, 22,309 sheep, more or less.
. Two teams of bullocks and drays, horse and ration carts, draught and saddle horses, stores, &c., to be taken at a valuation.
☞ So seldom are good Darling Down Stations in the market, that MORT and CO. feel it is only necessary to advertise one for sale to ensure for it the attention it deserves. These runs are, however, well-known to most northern squatters, and therefore require no detailed description of them. Those who are not so acquainted with them are particularly requested to visit and inspect them prior to sale. They will be found in every respect in most perfect workin order.

FOR POSITIVE SALE.

ALLOTMENT LAND, TOWN OF YASS.

☞ The great attraction of the Lambing Flat diggings, which bid fair to be one of our permanent gold-fields, should not be lost sight of by any one desirous to profit by it, and the opportunity now offered by the above sale may be certainly relied upon as an easy way of doing so.

By order of the Mortgagees.

LIVERPOOL PLAINS DISTRICT.
That choice Cattle Property,
THE TAREELA STATION, together with about
3300 HEAD OF CATTLE, more or less, and
320 HEAD OF HORSE STOCK.

TERMS—One-third cash deposit, residue by approved bills at 12 and 24 months, dated from day of sale, with bank discount added, equal to cash, and secured upon the Stock and Station.

MORT and CO. have been instructed by THE MORTGAGEE to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock, on TUESDAY, 2nd April,
That well-known cattle property,
THE TAREELA STATION,
situate within a few miles of the post town of BARABA, in the district of LIVERPOOL PLAINS.
The country is well grassed and watered, sound and healthy. Tareela is in every way a most desirable station, and has about
12 MILES FRONTAGE TO BOTH BANKS OF THE MANILLA, and
16 MILES TO BOTH BANKS OF TAREELA CREEK,
as well as being intersected by several other creeks.
THE IMPROVEMENTS are a six-roomed cottage, shingled and boarded, with detached shingled kitchen; a two-roomed cottage with verandah; a good barn, shingled; also two labourers' huts, garden and orchard; a large grazing paddock of several hundred acres, also a small one of about 25 acres; three cultivation paddocks; stockyard, capable of holding 2000 cattle, and a new horse-yard.
With Tareela will be sold
3300 HEAD OF CATTLE, more or less
320 HORSES, more or less.
. THE CATTLE are a quiet, well bred, mixed herd, and there is a draft of FAT CATTLE NOW READY for the butcher.
The TAREELA STUD is too well known to need any eulogium. They are fine upstanding horses, and have always been sought after for the Indian market. Among them will be found a large proportion of colts over three years old.
. Dray, team of bullocks, stock horses, stores, implements, &c., to be taken at a valuation.
☞ The above is a really good property, and well worth the attention of any one seeking a safe pastoral investment. From its position it has the command of both the metropolitan and provincial markets, while its proximity to a post town gives it all the advantages of speedy postal communication. It is not often a Liverpool Plains station is being offered for sale. This alone ought to ensure attention to this sale.

To Innkeepers and others.

TOWN OF STROUD.
The STROUD HOTEL now licensed and in full trade.
Title unquestionable.
Terms at sale.

MORT and CO. have been instructed to sell by public auction at the Rooms, Pitt-street, at 11 o'clock, on WEDNESDAY, 17th April,
That well known hostelry,
THE STROUD HOTEL,
situated in the very centre of that rising township, now licensed and in full trade, and let to Mr. Charles Dee.
It is a double building, one part erected with wood on stone foundations, and shingled roof; the other part substantial brick work on stone foundation, with shingled roof; both buildings stuccoed on the outside. The whole contains 15 apartments, and good cellar in basement. Joiner's work of cedar.
There is a detached range of brick buildings, comprising kitchen, scullery, harness-room, and store, all plastered inside and stuccoed on the outside. Also range of stabling, built of wood with shingled roof with accommodation for 10 horses; and a large shed with shingled roof, with fitting for 6 more horses.

There is a small garden and orchard on the side next Cowper-street, and also a portion of the remaining land laid out as a vegetable garden, enclosed separately. That part of the main building, which is erected with bricks, is fitted with eve gutters and down pipes.
☞ To travellers on the line of road between Raymond Terrace and New England, and the Manning River and Port Macquarie Districts, this property is too well known to need any lengthened description. It is the principal inn in the district, is on the main road to the above districts, and therefore commands a very lucrative business. Parties on the look out for a first-class country inn would do well to inspect this property prior to the sale.

IMPROVED 35-ACRE FARM,

ABUNDANCE OF GOOD WATER.
☞ To any industrious man on the look out for a homestead the above sale presents an opportunity of securing such at very small outlay. The farm is now in the occupation of Mr. Cornelius Leary, who will give every information required.

The very large amount of money now being expended by the Government, in the construction of an extensive quay in Woolloomooloo Bay, upon that portion of it upon which these properties abut, give to them a larger prospective value than almost any property in the city. That first-class family residence, ALBION HOUSE, situated in Crown-street, Miller's Point, and now occupied by the proprietor.
It is a handsome two-storey building, constructed of stone and brick, with shingled roof, and contains the following accommodation:—
GROUND FLOOR.—Front verandah, spacious hall, drawing and dining rooms communicating by folding doors, library, breakfast-room, spare room, pantry, and store. The drawing and dining rooms open by means of French windows into a handsome balcony, the view from which can hardly be surpassed from any part of the city.
There is a wide and easy staircase leading to the FIRST FLOOR, with good landing, and subdivided into four bedrooms, dressing room, with room and balcony fronting Crown-street, all conveniently arranged, lofty, and well ventilated.
In the ATTIC FLOOR, reached also by a good staircase, are three good bedrooms, well lighted, and airy.
In the BASEMENT are two large kitchens, fitted with a large sized Russell's cooking stove, copper boiler, &c., servants' room, wine and coal cellars; these open into a wide verandah, on a level with the yard and garden at the rear, and the whole are paved with stone, dry and lofty.
Attached are a four-stalled stable, gig and coach-house, and three water closets, with separate entrances.
In front of the house there is a very pretty flower garden and entrance drive. At the rear are a good yard and a vegetable garden. The whole occupies about
78 feet frontage to Crown-street,
270 feet to a reserved road leading
to the wharves, containing an AREA of ABOUT 1 ROOD and 20 PERCHES, all securely enclosed.
ALBION HOUSE stands back about 60 feet from the line of street, and about 20 feet from the side road. It is a most substantial building, in excellent order, well-arranged with every convenience, and in perfect keeping as a GENTLEMAN'S FAMILY RESIDENCE.
The position is elevated and healthy, and commands most beautiful views of the Darling Harbour, Pyrmont, Balmain, the Parramatta River, and the country beyond. It can be strongly recommended as a good investment to any one on the look-out for a first-class town residence.
. A large portion of the ground at the rear might be disposed of for building sites, without the slightest injury to the house, or at all interfering with the view from it. This is worthy of note by intending purchasers.
Plan on view at the Rooms.

To the Farmers of the Nepean and Surrounding Districts.

Terms—Very liberal, at sale.

MORT and CO. have received instructions from the Mortgagees to sell by public auction, at PENRITH, on TUESDAY, 9th APRIL, at 12 o'clock,
The whole of the above lands, forming portions of THE CELEBRATED REGENTVILLE ESTATE, as recently surveyed and subdivided into farms, some of which have extensive frontage to the Cowpasture and Richmond Roads, and distant only about HALF A MILE FROM THE PENRITH RAILWAY TERMINUS.
Nos. 1, 2, 3, 9, 11, 14, 22, and 37, all front the Camden and Bringelly road, and vary in extent from 36 ACRES to 66½ ACRES EACH.
Nos. 4 to 8, 10, 12, 13, 15 to 21, and 23 to 36, have all frontages to good reserved roads, and vary in extent from 40 acres to 51½ acres each.
PROCTOR'S FARM contains 74 acres, partly enclosed, and partially cleared and under cultivation, with a slab cottage upon it, and other improvements.
COFFEE'S FARM consists of 54 acres, also partially enclosed, cleared, and cultivated, with slab cottage upon it.
ZOLITHER'S FARM consists of 115 ACRES, fronting the CAMDEN AND BRINGELLY ROAD. There is a slab cottage upon it, and it is enclosed and part under cultivation.
HOGAN'S FARM, also fronts the BRINGELLY ROAD, and contains 10[illegible] ACRES, enclosed, and part under cultivation, with slab cottage upon it.
THE HOMESTEAD FARM, at present occupied by Captain Russell, consists of 278½ acres, situate almost in the centre of the Frogmore property. The greater portion of it is enclosed and subdivided into cultivation and grass paddocks, garden, &c. There is also a cottage residence and other buildings, stockyard, &c., upon it.
. This is a very snug farm and homestead. The cottage is very prettily situated. There is also a constant supply of water upon it.
LITTLE FROGMORE joins Frogmore on the east, and extends to South Creek, to which it has nearly three-quarters of a mile frontage. It contains 500 ACRES, and is bounded on the north by MAMRE, the estate of ROBERT FITZGERALD, Esq. The land along the bank of the creek is very rich, while the back land also consists of good tillage and grazing land. The property is enclosed, and it is beyond doubt one of the FINEST DAIRY and AGRICULTURAL FARMS IN THE DISTRICT.
☞ There are few indeed of the colonists of New South Wales who are unacquainted with the EXTENT AND VALUE OF THE LANDS OF REGENTVILLE ESTATE, and the fact that the great facilities for acquiring property possessed by the LATE SIR JOHN JAMISON enabled him to secure some of the VERY FINEST LAND IN THE COUNTY OF CUMBERLAND.
The great want of the practical farmer is a convenient-sized farm, which it is hoped the present subdivision of the Frogmore lands will supply. It is rarely indeed that an opportunity of selecting from so large an extent of FIRST-CLASS TILLAGE LAND occurs, more particularly within so easy a distance of the metropolis. The line of rail to Penrith is now fast drawing to completion, and the PENRITH TERMINUS IS WITHIN ABOUT A MILE of the Frogmore property. The opening of the line will, therefore, bring these farms within about A COUPLE OF HOURS DISTANCE OF THE SYDNEY MARKETS, an advantage which cannot be too highly rated.
This sale also offers an excellent chance for securing CONVENIENT GRAZING FARMS or PADDOCKS for the reception of stock pending sale. Butchers and others interested in our cattle trade would do well to inspect this estate, as, by purchasing one or more of the farms, they can secure to themselves whatever extent they may require.
Persons in search of a vineyard and orchard land will find them here with all the advantages of climate necessary for their successful culture. In fine,
MORT and CO. beg to assure the public that THE SALE WILL POSITIVELY BE WITHOUT RESERVE, and they feel that the announcement of this fact must ensure for it that attention which its extent and importance entitle it to.
Title unquestionable.
For fullest information apply to Messrs. NORTON, SON, and BARKER, solicitors, Elizabeth-street, Sydney.
☞ LITHOGRAPHS of the property are now ready, and may be had at THE ROOMS, Pitt-street, Sydney, or from Mr. JACKSON, Surveyor, Penrith. By means of these intending purchasers will have no difficulty in selecting their lots.
LARGE PLANS are also on view at THE ROOMS, PITT-STREET, as well as at BEATSON'S COMMERCIAL HOTEL, PENRITH.

RICH DAIRY FARM, KIAMA.

150 ACRES EXCELLENT BRUSH LAND.

Title Unquestionable.—Terms at Sale.

MORT and CO. have received instructions to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock, on WEDNESDAY, April 3rd,
A rich dairy farm, situate about [illegible] MILES OF KIAMA, and containing about 152 ACRES 1 ROOD, more or less, of EXCELLENT BRUSH LAND, with creeks of the PUREST WATER, meandering through the farm.
The improvements are as follows:—
In one part about 30 acres, of timber, well fallen and partly cleared, under grass and clover. In another part, about 30 acres, all partially cleared, and under grass and clover, and in a third part about 8 to 10 acres, partly cleared and under grass and clover. There are also three good hardwood slab houses, with other buildings on the land.
☞ It is only necessary to point to the fact that this farm is close to Kiama, that the steamers make their trips regularly, so ensuring constant communication with Sydney, and that the situation of the farm is one of the best, to command for it the attention which a property of this character justly demands.
Any one in search of a GOOD KIAMA FARM should inspect this one, and to that end parties are invited to inquire of Mr. W. IRVING, Kiama, who will direct them to it.

As they are in the market for bona fide sale, parties on the look out for such a property are particularly requested to inspect it prior to the sale.

By Order of the Mortgagees.

DISTRICT OF MURRUMBIDGEE.
That Magnificent Pastoral Property,
THE TOOMA and MARAGLE RUNS,
in the Upper Hume, together with about
3500 CATTLE.
Terms at sale.

MORT and CO. have been instructed by the MORTGAGEES to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock, on TUESDAY, 23rd April,
That very valuable pastoral property, THE TOOMA and MARAGLE RUNS, situate at the Upper Hume, in the Murrumbidgee district, and distant about 14 miles from the post town of Tumbarumba, and 260 miles from Melbourne.
The country consists of alluvial plains, open forest, and whinstone ranges, and is ABUNDANTLY WATERED by the TUMUT RIVER, and by the MANY TUMBARUMBA, and MARIGLE CREEKS. They are very FINE FATTENING RUNS, and are bound by those well-known stations WALEREGANG, formerly the property of John Hay, Esq., M.P.; and GRE[illegible]C.
The IMPROVEMENTS upon the Tooma run are a seven-room dwelling-house with detached kitchen; also, a store, stables, flour mill worked by water power, and miller's cottage, men's huts, good garden, stockyard, milking yard, and about 400 acres enclosed and subdivided into paddocks. At Maragle there is a stockman's hut, also a stockyard and small paddock.
With these runs will be sold
3500 CATTLE, MORE OR LESS,
a good mixed herd, particulars of which may be learnt at the Rooms. Also,
160 ACRES PURCHASED LAND.
. Stores, implements, working cattle, about 1000 bushels of wheat, &c., to be taken at a valuation.
☞ MORT and CO. earnestly request the attention of those interested in pastoral pursuits to the sale of this magnificent property, certainly ONE OF THE MOST VALUABLE IN THE MURRUMBIDGEE DISTRICT.
With a command of all the principal gold-fields in this colony, they are also within easy access of the Melbourne markets, advantages which cannot be too highly estimated.

MOST EXTENSIVE SALE OF VALUABLE FREEHOLD PROPERTIES.

In the Insolvent Estate of James Williamson, Esq., of the firm of Messrs. Mitchell and Co.

BY ORDER OF THE MORTGAGEES.
LOT 1.—THE TOMAGO COLLIERY, eight miles from THE CITY OF NEWCASTLE.
LOT 2.—KIER BRAE HOUSE, a first-class FAMILY MANSION, IN THE CITY OF SYDNEY.
LOT 3.—THE ESTATE OF COGGENBURGH, 2560 ACRES in the county of Argyle, near BUNGONIA, with stone dwelling-house, barn, cultivation and grass paddocks, and other improvements.
LOT 4—One undivided sixth share of THE FAMOUS CUNDLE ESTATE, MANNING RIVER, consisting of about 18,000 ACRES.

Title unquestionable. For particulars apply to Messrs. Spain and Roxburgh, solicitors, Exchange.
Terms, liberal, at sale.

MORT and CO. have been instructed BY THE MORTGAGEES to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock on WEDNESDAY, 24th APRIL,
The whole of the following very valuable freehold properties, the insolvent estate of James Williamson, Esq.,
LOT 1.—THE TOMAGO COLLIERY, consisting of [illegible] ACRES, situated on the north bank of the RIVER HUNTER, about 8 MILES FROM NEWCASTLE, together with the railway, wharves, engine, and other plant, in full working order; buildings, &c.
The COAL from this field is of excellent quality, and has been tested and approved of, both in this and the adjoining colonies, as well as in the markets of India and China. It is, without exception, the best household coal in Australia. The seams already proved are two, one of seven feet and one of four feet, the latter of which is now being worked. A large number of seams are believed to underly the present workings, making almost one ENTIRE BED OF COAL; and as the improved system of "long wall working" has been introduced by the late proprietor, the yield of coal per acre EXCEEDS THAT OF ANY OTHER MINE IN THE COLONY. The ventilation is also perfect.
The whole of the works have been constructed with a view to permanency and economy of labour in working; and consist of substantial railway, shipping wharves, engine-house, screens, workshops, manager's house, upwards of 30 workmen's cottages, the whole of which has been effected at a COST OF UPWARDS OF £26,000, upon which outlay the profits of the last six months' working paid a good rate of interest.
. This MAGNIFICENT PROPERTY is well worthy the attention of capitalists, and Mort and Co. would earnestly recommend it to their notice, soliciting the closest inspection of the whole prior to the sale. The manager of the colliery, Mr. Young, will afford every information and facility for so doing.
LOT 2.—KIER BRAE HOUSE, delightfully situated at the corner of Crown and Albion streets, SURRY HILLS, CITY of SYDNEY, the most healthy position in the metropolis, and commanding a magnificent view. It is a substantial stone and brick edifice, in the most perfect state of order and repair, and contains spacious verandah, entrance hall, ten rooms, kitchen, bath-room, pantries, &c. Detached is a range of buildings, comprising laundry, coach-house, four-stall stable, and servant's room, with back entrance from Albion-street. Part of the ground is tastefully laid out as flower and kitchen garden, and the premises are replete with every convenience, and are in every respect a FIRST-CLASS FAMILY RESIDENCE.
. Kier Brae House may be inspected prior to the sale, and Mort and Co. will be glad to provide intending purchasers with cards to do so. It has been brought to its present perfect state by the late proprietor at a COST of NEARLY SIX THOUSAND POUNDS; and, as it is now in the market for bona fide sale, parties on the look-out for a property of this class will not readily meet with such an opportunity of securing a delightful family house, at a cost which will also make it a profitable investment.
LOT 3.—THE ESTATE OF COGGENBURGH, comprising 2560 acres, near Bungonia, in the county of Argyle. The improvements are a stone dwelling-house, large and commodious brick barn, stables, men's huts, &c. Also, cultivation and grass paddocks.
A considerable portion of the land consists of RICH BROWN SOIL, which, taken with the climate of Argyle, will, no doubt, on the completion of the railway to Goulburn, be greedily sought after for small farms, and readily realise at least £10 per acre.
LOT 4—One undivided sixth share in the famous CUNDLE ESTATE, Manning River, consisting of 18,000 acres, more or less, the greater portion of which is the RICHEST ALLUVIAL LAND, some of which has sold as high as £15 per acre.
The estate has been largely improved by fencing and draining, and there is a very comfortable dwelling-house, with orchard and vineyard upon it. It embraces the principal township in the district, and is surrounded by a populous neighbourhood.
. This estate cost the present proprietors about £50,000. There are few speculations which could be recommended to capitalists as more lucrative than it.
☞ The mortgagees having decided to foreclose, these properties are in the market for BONA FIDE sale. As a fact, it is worthy of note that they have cost Mr. Williamson upwards of £45,000. In the present state of the market, they can hardly be expected to bring their value. Capitalists will, therefore, have a rare opportunity for laying out their money profitably.

NOTICE OF POSTPONEMENT.—The SALE OF THE PROPERTIES belonging to Mr. Harnett has been postponed until WEDNESDAY, 3rd APRIL, when they will be positively sold at the Rooms, Pitt-street, at 11 o'clock, by public auction.
MORT and Co.

Terms at sale.

MORT and CO. have been instructed by the representatives of the late Mr. Robert Young to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock, on [illegible]ESDAY, 30th April,
That valuable sheep property, BEEBO, situate in the Darling Downs district, with frontage to the Dumaresq River and the Macintyre Brook, in the neighbourhood of Calandoon and Trigamon, stations of established celebrity. With Beebo will be sold about
[illegible] FINE WOOLLED SHEEP
WARRANTED SOUND.
. Stores, implements, drays, horses, &c., to be taken at a valuation.
☞ Further particulars of this most desirable property will appear shortly. In the meantime parties in search of investment are requested to visit the station and inspect it. It is really to be sold, and as it is an excellent station, with grazing capabilities fully double the quantity of stock upon it, the opportunity is one that ought not to be lost sight of.

FOR POSITIVE SALE.

CAPITAL CITY INVESTMENT.

BLOCK COTTAGE PROPERTY, GOULBURN-STREET, between Pitt and George-street.

Title unquestionable. Terms at sale.

MORT and CO. have received instructions to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock, on WEDNESDAY, 3rd April,
All that block of land situate on the northern side, and having a frontage to GOULBURN-STREET of 88 FEET by a depth of 76 feet, more or less, on which is erected a block of buildings, comprising
7 BRICK BUILT COTTAGES,
each containing two rooms and attic.
☞ This property now in the market for bona fide sale is well worth the attention of any small capitalist. Indeed, to any one living in the neighbourhood, and capable of supervising the property, it might be made one of the snuggest of freeholds in the city. The position within a few yards of George-street, and in one of the leading thoroughfares, commands for the houses at all times tenants at good rates. The attention of the working man is directed to this sale, as it is purposed to sell the houses either separately or in lots of two or three, as may be desired, and as a portion of the purchase money may remain secured upon the property, a very small amount of ready money is required to secure one or more of the cottages.

THE FARM AND HOMESTEAD OF "MAULDEN," comprising 300 ACRES OF RICH LAND, on the left bank of the RIVER HASTINGS, about nine miles from Port Macquarie.

Title direct from Crown to vendor.
Terms at sale.

MORT and CO. have received instructions from JAMES RALFE, Esq., to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock on WEDNESDAY, 24th APRIL,
That very choice DAIRY FARM and HOMESTEAD, MAULDEN,
adjoining the town of Hay, on the Hastings River, and distant only about nine miles from Port Macquarie. It comprises 300 acres, about 40 acres of which are enclosed, and have been cleared and under cultivation, but are now chiefly laid down in clover. There is a nice young orchard and garden of about an acre, and planted with apples, oranges, peaches, &c., and an orchard of some years' growth, of about two acres, planted with choice trees, and yielding abundantly.
The buildings comprise a comfortable weatherboard cottage, containing front and back verandahs, entrance hall and six rooms, with detached kitchen and servant's room. Also an overseer's cottage, dairy, brewhouse, shingled buildings, and a range of stabling, cart shed, poultry house, poultry yard, stockyard, &c.
An abundant supply of water.
☞ MAULDEN is one of the PRETTIEST HOMESTEADS in this favourite district. It is upon the navigable part of the river, steamers having gone above it, and it is only nine miles by a good road from the sea port. It is surrounded by Crown lands, so that there is a FINE RUN FOR DAIRY AND OTHER STOCK.
It has a frontage of half a mile to the bank of the Hastings, the land along which is very fine.
For a genteel family, with a limited income, Maulden would be a most desirable residence. The waters of the river abound in fish of all kinds, and the neighbouring forests and bushes with game, so that fishing, shooting, and boating may be enjoyed at all times.
To the practical farmer the sale affords an excellent chance of securing a REALLY GOOD DAIRY FARM AND HOMESTEAD close to market, and all in good working order.
The property is in the market for bona fide sale, as the proprietor contemplates leaving the colony.

FOR POSITIVE SALE.

BURWOOD, PARRAMATTA ROAD.
COTTAGE and SMALL ORCHARD.

Title unquestionable. Terms at sale.

MORT and CO. have received instructions to sell by public auction, at the Rooms, Pitt-street, at 11 o'clock, on WEDNESDAY, 17th April,

The grounds now present to any purchaser a reward which time and care alone can give. The property is in good order, is in the market for POSITIVE SALE, and is recommended to the attention of any one in search of a SNUG SUBURBAN FREEHOLD, within easy access of the city.

The whole of the residue of that celebrated freehold property, CHUTER'S ESTATE, BLUE'S POINT, NORTH SHORE, extending from the Lane Cove Road, near the ferry to the waters of Berry's Bay.

The unimproved land consists of sites fronting good streets, and many with extensive WATER FRONTAGES to the bay.

The improvements comprise

LOT 1.—CHUTER HOUSE, a handsome villa residence, stone-built, with flagged verandah nearly all round, containing six rooms, kitchen, and servants' room, two-stall stable, coach-house, yard, garden, well of water, &c.

These premises are stone-built, two story, and contain bar, six rooms (one of which is a large ball or public room), kitchen, stable, coach-house, garden, &c. The land which this lot occupies has a frontage of 112 feet to the Lane Cove Road, with a very extensive depth, and includes the garden at the rear.

LOT 3.—CARR'S STORE, built of stone and weatherboard, containing shop, three rooms, and a kitchen; also, a small house adjoining. They occupy an allotment having 28 feet frontage to the Lane Cove Road, and 104 feet frontage to Susannah-street.

☞ This is without exception the most favourably situated property on the North Shore.

Overlooking Berry's Bay, and commanding extensive and really beautiful views of Sydney and the Harbour, and being only a few minutes' walk from Blue's Ferry, it could scarcely be possible to select building sites in this delightful suburb enjoying so many advantages.

Chuter House is a substantially built and well-finished villa, and occupies a splendid site. The inn and stores front the main road, in the best business position, and never want tenants.

Purchasers are assured that this is a

☞ These residences occupy a block of FREEHOLD LAND, having a frontage of 66 feet to Ocean-street, with a depth of nearly 300 feet. The position is undoubtedly most valuable, being a very early selection from the Point Piper estate. It commands magnificent views of the city and harbour, extending to the ocean. The land adjoins the grounds attached to the residence of Mr. JUSTICE WISE, formerly occupied by JOHN HAY, Esq., M.L.A., and is surrounded by the mansions of Sir W. MANNING, ALEXANDER CAMPBELL, Esq., Miss MOORE, &c.

FAIRFIELD RAILWAY STATION.

The whole of that valuable and highly improved suburban estate,
MARK LODGE,
containing 240 ACRES close to the above station, including MARK LODGE HOUSE, and the extensive and productive Vineyard, Orchard, &c.

Title, Unquestionable. For full particulars of which apply to JAMES HART, Esq., M.L.A., solicitor, Elizabeth-street.

RICHARDSON and WRENCH have received instructions from the MORTGAGEE, to sell by public auction, at the Rooms, Pitt-street, on MONDAY, 8th April, at 11 o'clock,

That beautifully-situated suburban property,
MARK LODGE,
containing about 240 ACRES, situated close to Fairfield, and only a few minutes' walk from the RAILWAY STATION.

The improvements comprise a capital family cottage residence, a most productive vineyard, of about 2 acres, a large orchard, and orangery, &c.

The whole of the land is well watered, and the greater proportion securely fenced and subdivided.

☞ MARK LODGE possesses every requisite to recommend it as a gentleman's country seat. The locality is most desirable, being only about five minutes' walk from the Railway Station, and having also a considerable frontage to the main road between Parramatta and Liverpool, it has constant access to Sydney by Railway, or a good road the whole distance. The general aspect of the property is very beautiful, and reminds the visitor of the open park scenery of an English estate. Verdant fields margined with belts of timber, and a succession of flowing water courses are conspicuous in the view, while the homestead is embosomed in the midst of one of the finest vineyards in the colony, and the ornamental grounds contiguous are laid out with undoubted taste and refinement.

The estate is brought into the market by the mortgagee for bona fide sale, and it is hoped that it will attract the attention of those who are seeking a suburban retreat, which, from convenience of position on the railway line, is peculiarly eligible for the business man who has daily to be in the city, and which at the same time will prove a productive investment, yearly increasing in value.

It would also be a most advantageous purchase for dairy purposes, or as a depot for stock arriving for the Sydney market, as it is close to the junction of the Main Western and Southern Roads. In an overstocked and depressed market on the arrival of cattle, a well-grassed and watered estate would be invaluable.

POSITIVE SALE,
By Order of the Mortgagee.

LOT 2—An allotment of land adjoining lot 1, having a frontage of thirty-three and a-half feet to Stephen-street, with a depth of 90 feet.

☞ This property is close to Crook's ferry, and in the centre of the most populous locality of this suburb. Purchasers need scarcely be reminded, that on the completion of the bridge to Glebe Island, the access to Balmain will be materially improved, and freehold properties consequently enhanced in value.

EXTRAORDINARY
PEREMPTORY AUCTION SALE.

BY ORDER OF THE MORTGAGEES.

TWELVE HUNDRED ACRES,
PARRAMATTA RAILWAY STATION,
Including the TOWN OF PARRAMATTA SOUTH, having extensive frontages to the
SYDNEY AND PARRAMATTA ROAD,
and
PARRAMATTA AND LIVERPOOL ROADS,
Adjoining the RAILWAY STATION, subdivided into FARMS and VILLA SITES,
containing from
ONE TO THIRTY ACRES
of the richest and most delightfully situated, and certainly the most eligible land in this favoured locality, surrounding the station.

TITLE—Unquestionable. Intending purchasers are particularly invited to apply for full particulars of same to Messrs. Holden and M'Carthy, solicitors, Castlereagh-street, Sydney.

TERMS.—One third cash deposit, the residue (if desired) can remain secured on the property for a term of years, at a low rate of interest.

RICHARDSON and WRENCH have received instructions from the MORTGAGEES to sell by public auction, at the Rooms, Pitt-street, on an early date, due notice of which will be given,

THE DRAINWELL ESTATE,
Containing about 1200 ACRES, surrounding the PARRAMATTA JUNCTION RAILWAY STATION, including the TOWN OF PARRAMATTA SOUTH, subdivided into lots of ONE TO THIRTY ACRES, which can be EXTENDED IN AREA to suit purchasers, and which, from convenience of position, is unsurpassed by any suburban estate, previously brought into the market for FARMS OR VILLA SITES contiguous, and with CONSTANT COMMUNICATION BY RAILWAY WITH THE CITY.

☞ RICHARDSON and WRENCH, with a certain degree of diffidence, bring forward this extensive estate in a temporary depressed market, but as the instructions of the mortgagees are positive to dispose of the whole on the above date, they are desirous to impress on the public mind the importance and value of the position of the land, and its adaptability for villa sites, orchards, and small farms.

In the subdivision which has been made of this estate by the surveyors, Messrs. Reuss and Brown, the interest and convenience of purchasers have been specially consulted, and the several lots will be found to have either frontages to the main Parramatta and Liverpool Roads, and the back farms to the never-failing water of Duck River and Creek, or have access to permanent water reserves.

The greatest difficulty in purchasing a site for a suburban residence, is the inability to secure a sufficient quantity of land at a moderate price for garden or grazing purposes. In this sale the objection is removed, as the purchaser can obtain in one lot contiguous to a railway station, and in beautiful positions, any area of land he may desire, while, at the same time, the market gardener, small farmer, or dairyman, can have well watered farms of any size, situated within half-an-hour's ride by rail from the city, and on most liberal terms.

To speculators this sale also affords an opportunity rarely to be met with, as it will readily be admitted that, as this large estate is occupied and improved, purchases in the present market will be considerably enhanced in value.

In conclusion, it may be remarked that a large proportion of this land could have been disposed of recently in building allotments, near the station, at from £1 to £5 per foot, but the present vendors leave to purchasers at this sale the lucrative advantages to be derived from a minuter subdivision.

LARGE PLAN of the subdivision can be inspected and LITHOGRAPHS obtained at the Rooms.

No. 137 has also a baker's brick oven.

☞ Particular attention is directed to the position of the above, which is about the best in Gloucester-street, and worthy of first-class buildings. Queensland, Maranoa District.
First-rate Fattening Station, together with
4500 of Superior Cattle.
For Positive Sale.

Terms:—One-third cash; residue at six, twelve, and eighteen months, with Bank interest added, and security on the Stock and Station.

I. AND I. GORRICK have received instructions from Otto Baldwin, Esq., to sell by public auction, at the Northumberland Hotel, West Maitland, on WEDNESDAY, April 3rd, at 12 o'clock,

The following valuable stock and station, in the Maranoa district, in the colony of Queensland, known as
INDIGULLY,
situated on the Moonie Creek. Formerly the property of the late William Ogilvie, Esq.

This magnificent station has a frontage of nearly twelve miles on both sides of the Moonie Creek, with extensive back country, and is capable of feeding, in ordinary seasons, from 12,000 to 15,000 head of cattle, or an equivalent number of sheep, for which the whole of this fine station is particularly adapted, being so well grassed and permanently watered.

The country principally consists of plains and open forests, covered with the fattening grasses and herbs of almost every description, which grow luxuriantly.

In fact, it is considered by competent judges to be the BEST STOCK and STATION in that district, and offers advantages to purchasers independent of its grazing capabilities, in consequence of its proximity to Brisbane, Sydney, Maitland, and other markets.

The IMPROVEMENTS consist of a NEW SUBSTANTIAL COTTAGE, built by a carpenter, containing five rooms, a verandah front and back, kitchen and outbuildings; about fifty or sixty acres have been recently fenced in for a horse paddock. There is a new milking yard, conveniently laid out, capable of containing 100 cows and calves; together with extensive stock and herding yards, in good condition.

The stock consists of 4500 head of very superior quiet cattle, principally the produce of the A. A. Company's first-class bulls, and have been recently crossed by the proprietor's young thoroughbred Durham bulls, from imported stock, fourteen of which are now on the station.

Intending purchasers are particularly requested to inspect this valuable property prior to the day of sale. Mr. Baldwin's only reason for disposing of this valuable property is in consequence of his intended visit to England, where he purposes purchasing the very best breed of cattle which that country can produce, and intends devoting his entire attention to his other stations, in only breeding a limited number of thoroughbred stock, for which he has laid the foundation, having purchased, within the last four years, upwards of £5000 worth of imported and colonial Durham cattle.
